

FORME & SPAZI

VESTIRE L'AMBIENTE. **SU MISURA.**

GUIDA ALLA  
CREAZIONE

**FORME  
& SPAZI**

Un servizio a 360° capace di fornire soluzioni progettuali, produttive e logistiche per lasciarvi solo il piacere di vivere la propria casa.

01.

**PROGETTAZIONE SU MISURA  
DI AMBIENTI INTERNI**

02.

**UNITÀ PRODUTTIVE INTERNE  
DEDICATE AGLI SPECIFICI  
PROGETTI E PRODOTTI**

03.

**RETE COMPLETA DI  
PROFESSIONISTI PER  
LAVORAZIONI A SUPPORTO  
DEL PROGETTO DI ARREDAMENTO**

04.

**CONSULENZA DI INTERIOR DESIGN**

05.

**COMMERCIALIZZAZIONE DI  
ELETTRODOMESTICI, SEDUTE,  
COMPLEMENTI D'ARREDO E  
ACCESSORI**

**LA CUCINA  
SU MISURA**

Lo spazio è il nostro campo di gioco, la pulizia delle linee il nostro stile, la vostra cucina il nostro obiettivo.

Diamo sempre vita a progetti personalizzati che rispondono in modo adeguato alle vostre esigenze.

**SISTEMA  
DESIGN**

Quando efficienza e razionalità non bastano entra in campo il design, la ricerca di soluzioni fuori dagli schemi.

Fantasia e creatività combinate a competenza e tecnica danno vita a soluzioni incredibili.

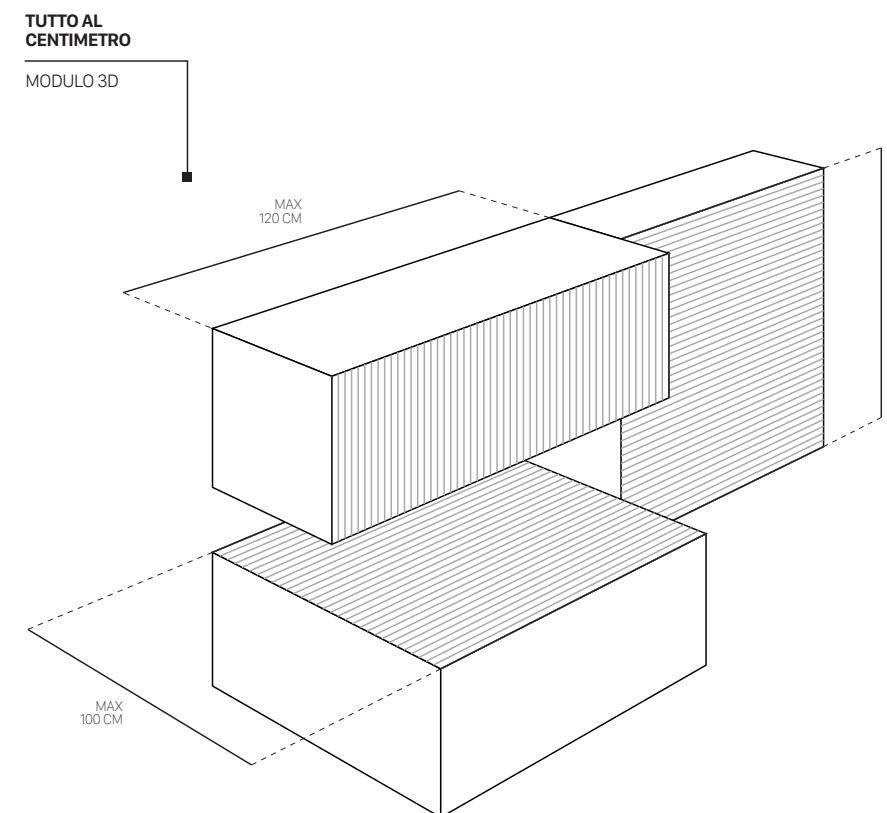

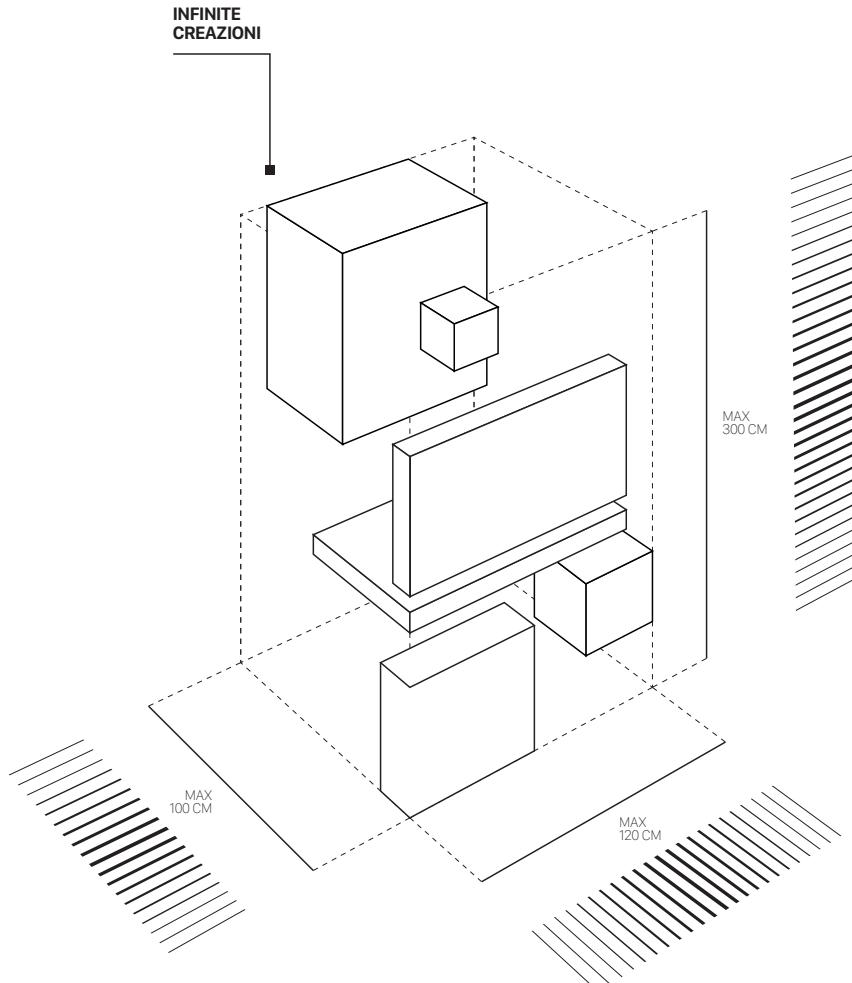

**OGGETTI  
IN**

Ci dedichiamo anche ai minimi dettagli, agli accessori, agli spazi interni, perché la cura dei particolari, anche quelli

meno visibili e significativi, determina la differenza tra una soluzione buona ed una eccellente.

I MIGLIORI PROGETTI DI DESIGN  
SONO QUELLI DOVE LE PERSONE  
ROMPONO LE REGOLE PER  
COSTRUIRNE DI PROPRIE.

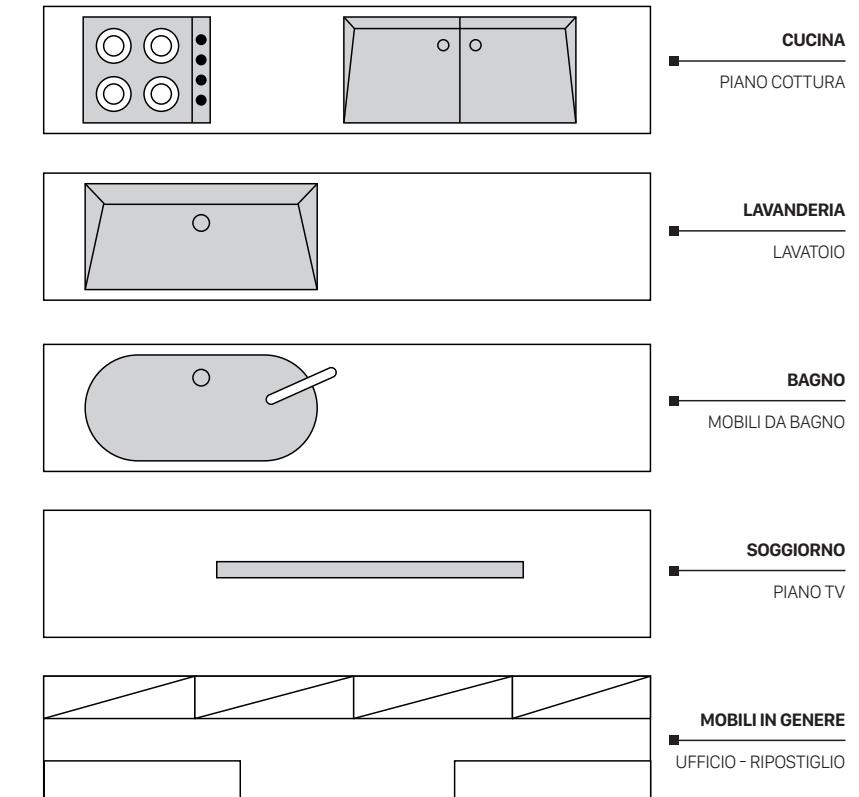

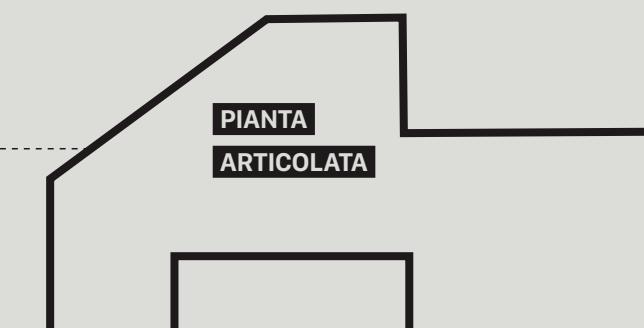

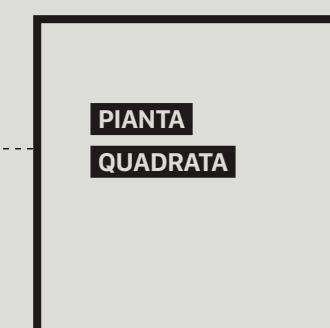

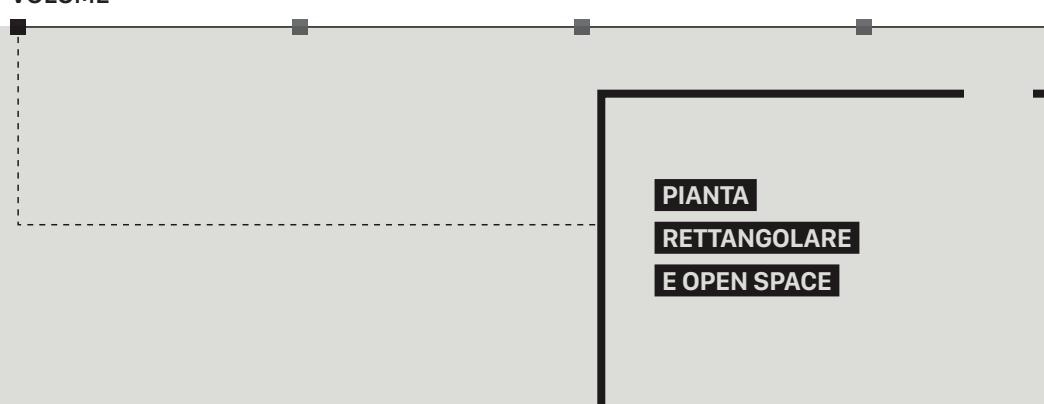

**MODULO PARAMETRICO  
MINIMAL 3D AL CM**

Progettiamo soluzioni personalizzate senza nessun vincolo o limitazione, dando forma ad idee che si modellano allo spazio.  
Le 3 dimensioni sono solo un orizzonte dentro al quale si può creare qualsiasi cosa.  
**Una volta superata la misura non c'è più alcun limite.**

**INFINITE FORME  
PER INFINITI USI**

Dal modulo originario nascono infiniti volumi, di qualsiasi dimensione e proporzione, capaci di trovare piena realizzazione solo quando diventano elementi d'arredo in grado di adattarsi a qualsiasi esigenza e destinazione d'uso.  
**Un volume è vuoto finché non lo si riempie di significato.**

**01.  
VOLUME**

**ACCESSORI CHE  
FANNO LA DIFFERENZA**

Strutture, piani, finiture, ante, ferramenta e sistemi di apertura. La scelta dei complementi trasforma belle idee in splendide realtà.  
Per tutti gli ambienti della tua casa.  
**Cogliere un dettaglio è l'intelligenza di comprendere l'insieme.**

## FORME & SPAZI

7

GUIDA ALLA CREAZIONE

UN ELEMENTO ESSENZIALE  
DELL'ARTE È IL RISCHIO.  
SE NON RISCHI COME  
POTRAI CREARE QUALCOSA  
DI AUTENTICAMENTE  
BELLO CHE NON È  
MAI STATO VISTO PRIMA?

### 01. SPAZIO E VOLUME

Ascoltiamo i vostri desideri, facciamo nostri i vostri sogni. Partiamo dalla pianta per dimensionare gli spazi e focalizzare gli ambienti.  
**I vostri obiettivi sono il nostro punto di partenza.**

### 02. FORME

Forme, linee, proporzioni, equilibri, materiali, luci aspettano solo di uscire fuori dall'invisibile.  
**L'unico limite è la nostra fantasia.**

### 03. ACCESSORI

Come in un grande puzzle, ogni singolo elemento da solo ha poco senso se non riesce a trovare il suo posto nel quadro complessivo.  
**L'essenza del bello è l'unità nella varietà.**

### 04. PROGETTO

Diamo inizio al processo creativo necessario a dare forma al progetto. Fantasia abbinata ad esperienza e competenza sono gli ingredienti imprescindibili per riuscire a realizzare soluzioni innovative e mai banali.  
**Provare ancora stupore è essenziale nel processo della creatività.**

### 05. RISULTATO

I migliori progetti di design sono quelli dove le persone rompono le regole per costruirne di proprie.  
**Il nostro obiettivo è realizzare il tuo.**

## IL NOSTRO LIVING

Uniformità, proporzione, asimmetria, semplicità e complessità, funzionalità, eleganza e personalizzazione.

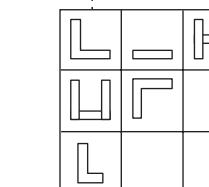

**Su misura.  
Rappresenterà  
il vostro modo  
di essere e di vivere**

10

FORME & SPAZI

## ELEMENT COMPOSITE GENERAL

A technical line drawing of a tall, rectangular cabinet. The cabinet has a flat top and a slightly recessed base. A small, square base element is attached to the bottom left corner of the cabinet. The drawing is composed of black lines on a white background.

A 3D line drawing of a rectangular block. A small square hole is located on the front face of the block, positioned near the bottom right corner. A vertical line extends from the center of the hole to the bottom of the block, indicating its depth.

A line drawing of a window with horizontal slats. The slats are shown at an angle, with the top slat being horizontal and the bottom slat being angled downwards. The window frame is visible on the left side.

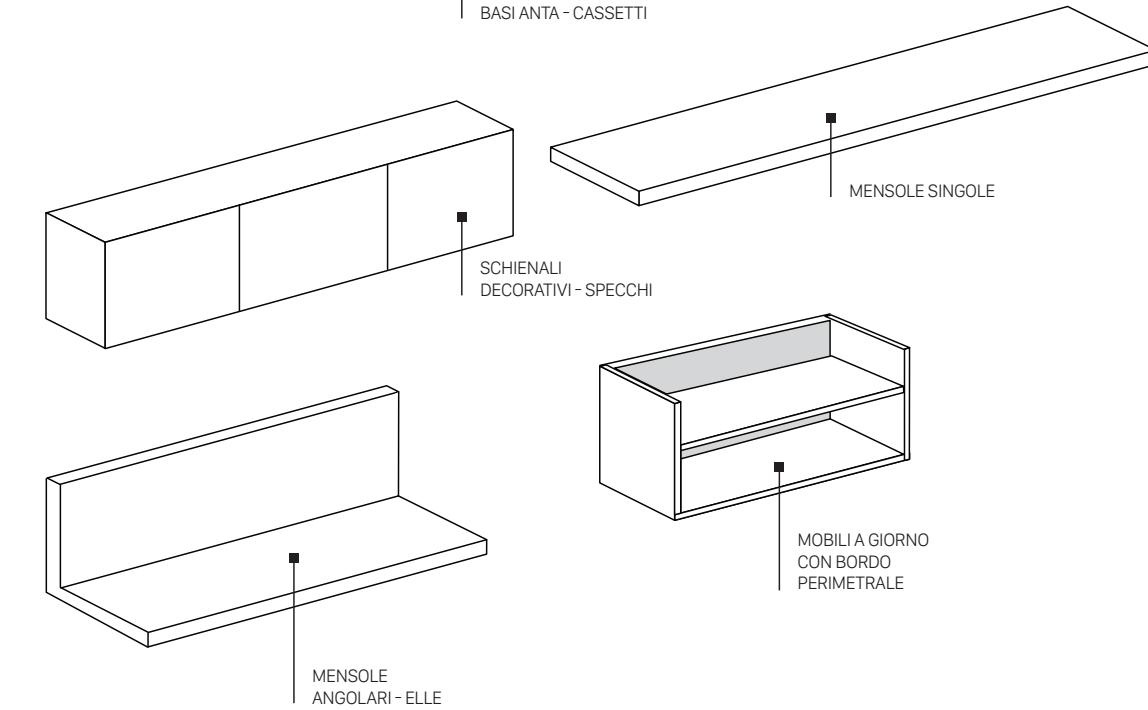

A diagram showing a trapezoid with a horizontal line segment inside. The trapezoid has a vertical left side and a vertical right side. A horizontal line segment with a small square at its left end extends from the right side of the trapezoid towards the left, intersecting its left side. A dashed line extends from the right side of the trapezoid upwards and to the right.
